Welcome to Inkleaf

This is a sample notebook. Delete it any time.

1. Tap the pen tool and write on the lines with a pen or a finger.
2. Tap Convert to turn the handwriting into typed text in this font.
3. Change the font, color and paper under Settings (the gear icon).
4. Search (the magnifier) finds a word on every page of the notebook.
5. Insert adds photos and videos; videos become tap-to-play links.
6. Long-press a cover on the home screen to redesign it.

Tip: teach it your letters under Settings > Teach it my handwriting.

Tip: on an iPad, the Keyboard tool also accepts Apple Pencil Scribble.
